Who!!?

Hohoho,
its me
again.

Name's Zhang
Liang Chen,
practitioner of
martial arts,
courageous
and will never
bow to evil!!!

Who would've
known today
I would
become
a deserter.

TN: I think Zhang Liang Chen is a reference

I want to
be a real
man!!!!

Rainbow head
don't worry about
it, that dude isn't
even human.

Speaking of
which Zhang
Liang Chen
sounds
familiar...

Your
right!

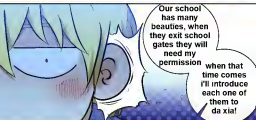

Da Xia
please
take me
as your
disciple.

I want
to fight
for the
people
just like
you!!!

No! By the
book I can't
accept any
dislices

Da
Xia!

Our school
has many
beauties, when
they exit school
gates they will
need my
permission

when that
time comes
I'll introduce
each one of
them to
da xia!

TN: Last text box was lost in translation

Alright then,
starting today
you are my
disciple!

Thank
you
master

What a
corrupt
mas-
ster 🍄

I hear
master said
cat faced hag is
a demon
conjured from
resentment

Different
from other
infectors

The old
school
guard told
me

The 1998
case with the
cat face lady
happened two
stations from here
on Ju Xian Gao
Bei Road

That road?
Isn't it where
I played during
my childhood
days?

After the
cat faced lady
killed all those
on the road,
she came to
this school

It was
midnight on a
saturday, there
was only one
class left in
school
revising.

the students
in that class
were massacred
only one was
fortunate
to survive

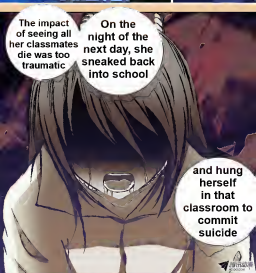

Did you
find the
survivor?

Ask her
what
happened
on that
day,

perhaps
there might
be a way to
deal with cat-
faced lady.

That's im-
pos-
sible

The impact
of seeing all
her classmates
die was too
traumatic

On the
night of the
next day, she
sneaked back
into school

and hung
herself
in that
classroom to
commit
suicide

How
could this
be! That
is too
pitiful!

Xiao Mei is really
kind and compassionate,
no wonder you
are my number
one goddess

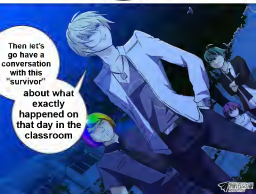

What a
coincidence,
it happened
in this school!

Disciple!
do you know
where that
classroom
is?

Reporting!
It's in the
east wing,
year 3,
class 4.

Then let's
go have a
conversation
with this
"survivor"

about what
exactly
happened on
that day in the
classroom

all heard
of "four man
room spirit
search game"
right.

TN: I think the game is made up

The game
needs four
people in a
rectangular room
with the lights
switched
off to begin.

the
rules are,
one of the four
individuals
stands in a
separate
corner

Then one
of them starts
it off by walking
alongside the
wall,

until they
reach the next
corner and tap
the person on the
shoulder then
replacing them
in that corner

and
repeats the
process
as
necessary

In theory,
at this moment
the first
spot will be
empty

In theory,
at this moment
the first spot
will be empty

If the spirit link
is successful then
each corner must
have a someone
occupying it

In other
words, the
first corner
without a
person

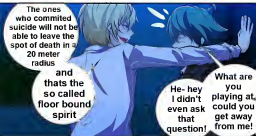

will
be where
the spirit
resides

Do you
guys
under-
stand?

Yes, but
how can you
be so sure that
the summoned
spirit will be
that
student?

FN: Kabe-don is when a guys suddenly thrust his hand against the wall pinning a girl to it

Then,
lets begin
the four
man, no-

FIVE
MAN
game
